Diploma of Information Technology

3 Session

UOW COLLEGE
Why UOW College?

UOW College is a strategic unit of the University of Wollongong.

We enable our students to meet their personal, educational and career goals. UOW College was the first Australian university college to offer Foundation Studies, and for the last 25 years, UOW College has helped more than 23,000 students from 30 nationalities continue their education.

At UOW College you will be immersed in the full university experience and campus life from Day One. Our students also have access to all UOW facilities as well as the College’s computer labs, library and support services.

The combination of quality academic courses, small class sizes and the caring culture at UOW College provides the vital support you need to succeed at university. You can be confident that UOW College is the best possible pathway for your journey to higher education and a university degree.

Why study the Diploma of Information Technology?

Completion of the Diploma of Information Technology provides guaranteed entry** into the second year of a Bachelor of Information Technology or a Bachelor of Business Information Systems at the University of Wollongong campus.

As an Information Technology student you will engage with high quality teaching staff in world-class laboratories. We teach the technical fundamentals and give you the time to apply your knowledge in real situations. Your qualification will not only prepare you for your future career, it will put you in the driving seat to play a vital role in solving real problems.

** To successfully complete the program and progress to the relevant Bachelor degree, you must achieve the required results in all subjects.

Course Description

The Diploma of Information Technology aims to provide you with:

- the support and skills to achieve your goals for university studies, including English language proficiency; and
- access to business and technology subjects to support and supplement both your language skills and your studies.

Course Progression

Build your IT skills with a Diploma of Information Technology (IT) and gain a guaranteed pathway into the second year of a Bachelor of Information Technology (BIT) or Bachelor of Business Information Systems (BBIS) at the University of Wollongong.

To successfully complete the program and progress to the relevant Bachelor degree, you must achieve 50% in all subjects.
