The Illawarra region makes the most of outdoor living and dining on the coast, offering a wide choice of restaurants, bars and sidewalk cafes, the variety of cuisine reflects Wollongong’s diverse multicultural community.

The city has a wide choice of nightlife, with many pubs, nightclubs and live music venues—including the WIN Entertainment Centre, which attracts big international and domestic artists. There are three major cinema complexes, as well as UniMovies, which is on campus and has the largest cinema screen in the area and the cheapest movie tickets in Wollongong. There’s a big modern shopping mall with a number of fashionable boutiques and retailers.

Want to meet and mingle? The CSE designs and facilitates a range of opportunities for students including cultural and social activities, clubs and societies, adventure, leadership activities and more.

Childcare
There are two child care centres on the UOW campus. Due to popularity, places are limited and some waiting lists apply. Out of School Hours Care and Vacation Care are also available for children aged five to twelve.

Accommodation Services
UOW Accommodation Services offers a range of university-managed accommodation options, both catered and self-catered. They also give assistance in finding off-campus accommodation such as homestay and private rental accommodation.

If you want more information on any of the above services, please visit the UOW website at www.uow.edu.au.

Accommodation Options

There are a variety of accommodation options available to international students studying at UOW College:

Homestay

For those who prefer a family-oriented lifestyle and like the idea of living with a local family, homestay (accommodation in a private home with an Australian family) could be the right choice.

Homestays for international students are provided and managed by UOW College Homestay, which received record high approval ratings in the latest English Language Barometer study. Guardianship arrangement is available with our homestay families for students under the age of 18.

For more information on Homestays visit the UOW College website: http://www.uowcollege.edu.au/future-students/international/homestay/index.html

Private

Affordable private accommodation is readily available in Wollongong. There are two styles – shared and single. Occupants of most shared accommodation will divide household expenses such as telephone and electricity.

If you want to live in private accommodation, you should arrive in Wollongong at least four weeks before session. Accommodation Services holds a database of rental accommodation and can provide assistance to students seeking private accommodation.

Short-term accommodation can be booked before your arrival in Australia so you have somewhere to stay while you are looking for a more permanent arrangement. It can be requested on the Airport Pick-Up application.
