Diploma of Business Course Outline

1 Course Description

The UOW College Australia (UOWCA) Diploma of Business provides students with access to the university experience within a supported context. Students will be supported in the introductory phase of this course through subjects specifically designed to prepare them to succeed in tertiary study. These subjects assist students to develop approaches to effective learning in the higher education context. The second phase provides a program of study involving students in first year core business studies disciplines, including marketing, accounting and management, at the tertiary level. The Diploma of Business provides pathways for entry into the second year of the Bachelor of Business and Bachelor of Business Administration degrees at the University of Wollongong (UOW), with specified credit of up to 48 credit points for subjects in the compulsory core components of these degrees.

Diploma qualifications are located at level 5 of the Australian Qualifications Framework. The purpose of the Diploma qualification type is to qualify individuals who apply integrated technical and theoretical concepts in a broad range of contexts to undertake advanced skilled or paraprofessional work and as a pathway for further learning.

2 Graduate Qualities

The Diploma of Business course is designed to assist students in developing the UOW College Australia Graduate Qualities. It helps students become:

- 1. Informed:** Have a basic knowledge of an area of study and understand its issues. Know how to apply this knowledge.
- 2. Independent Learners:** Begin to engage with new ideas and ways of thinking and critically analyse issues. Seek to extend knowledge through ongoing enquiry and active learning. Find and evaluate information, using a variety of sources and technologies. Acknowledge the work and ideas of others.
- 3. Problem Solvers:** Demonstrate introductory levels of creative, logical and critical thinking skills to respond effectively to problems. Be flexible and thorough.
- 4. Effective Communicators:** Articulate and convey ideas effectively using a range of media. Work collaboratively and engage with people in different settings.
- 5. Responsible:** Understand how decisions can affect others and make ethically informed choices. Appreciate and respect diversity and act with integrity. Take responsibility for one's own learning and completion of assessment tasks.

3 Course Learning Outcomes

Graduates will be able to:

1. Demonstrate language and literacy skills in order to read, write, present and listen effectively at a tertiary level.
2. Demonstrate the ability to locate, evaluate and use information appropriately at a tertiary level.
3. Demonstrate the ability to utilise computer technology in order to function effectively in a university environment.
4. Demonstrate numeracy skills in order to interpret, understand and analyse information at a tertiary level.
5. Apply a range of skills that demonstrate independent learning.
6. Apply critical thinking, analysis and problem-solving skills to business concepts and problems.
7. Apply professional and ethical standards in the business studies environment.

4 Course Learning Outcomes Mapped to Graduate Qualities

The table below shows how the graduate qualities are integrated into the course learning outcomes:

Course Learning Outcomes/Graduate Qualities	1. Informed	2. Independent Learners	3. Problem Solvers	4. Effective Communicators	5. Responsible
1. Demonstrate language and literacy skills in order to read, write, present and listen effectively at a tertiary level.		✓		✓	
2. Demonstrate the ability to locate, evaluate and use information appropriately at a tertiary level.	✓	✓		✓	✓
3. Demonstrate the ability to utilise computer technology in order to function effectively in a university environment.	✓	✓		✓	✓
4. Demonstrate numeracy skills in order to interpret, understand and analyse information at a tertiary level.	✓		✓		
5. Apply a range of skills that demonstrate independent learning.		✓			✓
6. Apply critical thinking, analysis and problem-solving skills to business concepts and problems.	✓		✓		✓
7. Apply professional and ethical standards in the business studies environment.					✓

5 Course Structure and Subjects

3186: DIPLOMA OF BUSINESS			
SESSION 1			
Subject Code	Subject Name (UOW Equivalent Subject Code)	Credit Points	Hours a Week
PREP030	Launch	2	2*
PREP031	Language for Learning	6	4
PREP032	Scientific Thinking	6	4
PREP033	Mathematics for the Humanities	6	4
Total Session 1		20	14*
SESSION 2			
Subject Code	Subject Name (UOW Equivalent Subject Code)	Credit Points	Hours a Week
WUCB101	Marketing Principles (MARK101)	6	5
WUCB120	Accounting for Decision Making (ACCY121)	6	5
WUCB130	Introduction to Management (MGNT110)	6	5
WUCB160	Economic Essentials for Business (ECON100)	6	5
Total Session 2		24	20
SESSION 3			
Subject Code	Subject Name (UOW Equivalent Subject Code)	Credit Points	Hours a Week
WUCB113	Human-Centred Systems Design (OPS 113)	6	5
WUCB105	Introductory Principles of Finance (FIN111)	6	5
WUCB162	Economics and Society (ECON102)	6	5
DSSC107	Principles of Responsible Business (COMM101)	6	5
Total Session 3		24	20

* Weekly contact hours calculated for Launch are based on a sessional average.

All Sessions in this course are delivered on UOW College session dates.

6 Subjects Mapped to Course Learning Outcomes

Subject/ Course Learning Outcomes	1. Demonstrate language and literacy skills in order to read, write, present and listen effectively at a tertiary level.	2. Demonstrate the ability to locate, evaluate and use information appropriately at a tertiary level.	3. Demonstrate the ability to utilise computer technology in order to function effectively in a university environment.	4. Demonstrate numeracy skills in order to interpret, understand and analyse information at a tertiary level.	5. Apply a range of skills that demonstrate independent learning.	6. Apply critical thinking, analysis and problem-solving skills to business concepts and problems.	7. Apply professional and ethical standards in the business studies environment.

7 Progression Guidelines

Course Progression Requirements

1. To qualify for the award of the Diploma of Business, students must achieve a final minimum result of 50% for each subject, or in the case of PREP030 Launch, a grade of Satisfactory.
2. Progression from Session 1 to Session 2 is conditional upon satisfying the following minimum final results in Session 1:
 - i. A Pass grade (minimum final result of 50%) or Satisfactory grade (in the case of PREP030 Launch) result in a minimum of three of the four Session 1 subjects, including PREP031 Language for Learning and PREP033 Mathematics for the Humanities; AND,
 - ii. A minimum average mark of 50% in PREP031, PREP032 and PREP033 (a minimum average result will be calculated based upon final subject results achieved in these subjects).

Note: Whilst progression from Session 1 to Session 2 may be permitted if a student satisfies the conditions outlined above, any subject for which a Pass or Satisfactory grade is not achieved will have to be repeated until a final subject mark of 50% (or grade of Satisfactory in the case of PREP030 Launch) is achieved to qualify for the award of the Diploma.

3. There is no UOW credit transfer available for the following Session 1 subjects: PREP030 Launch; PREP031 Language for Learning; PREP032 Scientific Thinking, and; PREP033 Mathematics for the Humanities.
4. Students who meet requirements for the award of the Diploma can progress to the second year of their Bachelor of Business or Bachelor of Business Administration offered in the Faculty of Business and Law at UOW, with 48 points of UOW credit transfer.
5. Students may exit the Diploma course early and enter the relevant degree ('Accelerated Exit') if they have achieved the following conditions:
 - i. Students must have achieved a minimum final mark of 70% in each Session 1 subject, or in the case of PREP030 Launch, a grade of Satisfactory, at the first attempt (that is, they do not fail and repeat any subjects).

Note: There is no UOW Credit transfer available for Accelerated Exit as per rule 4.
6. Students may exit the Diploma course early and enter the relevant degree with 24 points of UOW credit transfer ('Early Exit – Incomplete Award'), if they have achieved the following conditions:
 - i. Students must have achieved a minimum final mark of 50% for each Session 2 subject at the first attempt (that is, they do not fail and repeat any subjects); and,

- ii. Students must have achieved a minimum average result of 75% across all four Session 2 subjects.

Note: Where a student has opted for Early Exit – Incomplete Award, they will not be eligible for the Diploma award until they successfully complete the outstanding equivalent subjects in their UOW degree. Once a student has completed the equivalent subjects at UOW, the student can submit an [application for credit transfer](#) directly to UOW College for the Diploma qualification to be awarded.

8 Entry Requirements / Admissions Guidelines

Entry requirements for this course can be viewed online at:

<https://coursefinder.uow.edu.au/information/index.html?course=diploma-business-uow-college-csp>

9 Assessment

Students are required to complete a number and variety of assessment tasks related to their streams of study.

Each subject has a subject outline that is issued to students. Subject outlines contain an overview of subject objectives, an assessment schedule, a list of learning resources and a weekly topic outline. Subject outlines also contain an explanation of assessment components.

All assessment tasks with a weighting of 10% or greater have marking criteria and an answer/marking guide.

All aspects of assessment are governed by the Assessment Guidelines, which can be viewed at: [Assessment & Examination Guidelines for Students](#) and [Assessment Guidelines](#).

10 Quality Assurance

The College applies formal quality assurance processes to its design of courses, subjects and their assessments. These processes include:

- Clear subject outlines that align with the objectives of the course and support consistent delivery of content;
- Mandatory inclusion of clear and appropriate marking criteria in assessment tasks;
- Moderation of marking of student assessment tasks, ensuring that the assessment criteria have been applied consistently and there is equity across individual markers;
- A regular schedule of audits on student assessment tasks using randomly-selected samples of student work; and,
- The use of feedback from students and teachers to inform continuous improvement of curriculum, delivery, policies and procedures.

Details of the College's approach to quality assurance can be viewed at the following link: <https://www.uowcollege.edu.au/about/policies-procedures/index.html>.

11 Subject Descriptions

DSSC107 Principles of Responsible Business

This subject provides students with the framework for practising responsible and ethical commerce. The objectives of this subject include developing an understanding of how to practise responsible and ethical commerce, utilising a conceptual toolkit. The topics covered include the history of contemporary systems of commerce and ethical and social responsibility in commerce. Material includes subject areas such as anti corruption, environment, globalisation, human rights and labour. Students will examine these issues from a variety of theoretical and practical perspectives and apply them to contemporary commercial contexts.

PREP030 Launch

This subject explores the common expectations and experiences of university study in order to assist students to transition effectively to a higher education learning environment. Students will be introduced to the technological platforms and skills required to effectively complete their studies, the importance of academic integrity, available support services and resources, and strategies to develop capabilities of independent learning. Students will be engaged in presentations and activities related to these aspects of academic life to cultivate the development of their student identity in the context of a learning community.

PREP031 Language for Learning

This subject provides students with opportunities to develop their knowledge of, and competence and confidence in the use of text-based language in preparation for future studies. Students will be introduced to a variety text types and genres commonly used in tertiary study, with a focus on engaging with, and critically analysing, sources of information in terms of purpose for writing, the style employed and writing techniques evident in the text. The focus is on developing language skills and improving students' capability to both evaluate the content of a variety of texts, and to employ that knowledge in their own written and spoken tasks.

PREP032 Scientific Thinking

This subject provides students with a functional understanding of the basic tenets of science, the underlying cognitive skills that allow us to solve complex problems, and strategies to investigate and interpret the world around us. Students will be challenged with problem-solving activities relevant to the sciences to develop a range of key cognitive capacities, including critical, logical and creative thinking, and an understanding of concepts such as objectivity, variables, theory, and Occam's razor. The focus is on developing skills required to design, conduct, analyse and present the findings of primary research related to a United Nations Sustainable Development Goal (UN SDG). Students will also develop their global citizenship through evaluating the significance of their selected SDG, and its relevance to their future study and career pathways.

PREP034 Mathematics for the Humanities

This subject provides an introductory study of mathematics and statistics as a foundation for further study in disciplines including Business and the Humanities. Mathematics for the Humanities focusses on reinforcing the fundamental concepts of basic arithmetic, basic algebra, linear equations, probability and statistics. The subject familiarises students with language, terminology and analytical problem-solving techniques used in mathematics and statistics.

WUCB101 Marketing Principles

This subject examines basic marketing concepts to build a sound understanding of marketing principles. The material assists those who want to be specialist marketers and those interested in undertaking other business or professional studies. What students learn in this subject will be of value to them as both consumers and members of the business community.

WUCB105 Introductory Principles of Finance

This subject introduces fundamental concepts of corporate and personal finance. In doing so, the inter-relationships between finance and financial planning are explored.

A theoretical strand contextualises finance and financial planning within their respective regulatory frameworks. A technical strand equips students with fundamental skills to understand the concept of time value of money, as applied to solving cash flow valuation problems, within the context of corporate and personal finance. This subject is innovative in its broad and synergistic overview of the financial services industry.

WUCB113 Human-Centred Systems Design

This subject introduces the concept of a system, focusing on the importance of systems thinking as it relates to the exploration, analysis and co-design of information and other systems. As global citizens and future managers, understanding what constitutes a system and how we address challenges and think about, analyse and design complex systems is crucial. Students explore, from a human-centred perspective, ethics, responsibility and sustainability considerations that are pertinent to the design of complex systems, emerging technologies and innovation.

WUCB120 Accounting for Decision Making

This subject introduces students to the role and use of accounting information in a variety of organisations and society. Students evaluate both financial and non-financial reports and their impact on accountability, decision-making and corporate governance. The subject introduces students to various analytical techniques in order to make sound decisions in a variety of business and social settings.

WUCB130 Introduction to Management

This subject introduces students to key management theories and concepts including organisational culture, social responsibility, ethics, managing groups, motivating employees, planning, managing human resources and employment relations, strategic management, decision-making, managing operations, leadership and foundations of management control. It is designed to provide an opportunity for students to acquire understanding through a series of lectures supported by student participation in simulation activities. The subject is presented from the point of view of managers, but students will learn how the different interests between organisational stakeholders affect various management processes.

WUCB160 Economic Essentials for Business

This subject is an introduction to economics. As such, it assumes that students have no prior formal knowledge. It will introduce students to economics and relate it to the world of business and economic management to establish a sound foundation to understand economic events and principles in Australia and any market economy. The knowledge and skills developed in economics are the basis of managing resources and understanding the world of business and government.

WUCB162 Economics and Society

This subject examines core economic theory and concepts relevant to contemporary social issues. These concepts are used to provide an economic basis for introducing the important role of economic analysis in a globalised world with emphasis on policy relevant examples.

On completion, students will have a sound foundation to economics for microeconomic and macroeconomic analysis as a basis of understanding the economic interpretation of contemporary policy issues.
